Sunday, September 2, 2018

- At the Hippodrome de Montélimar :
Route d'Espeluche, 26200 MONTELIBAR
from 9:00

Clubmatch and IHF show

Judge : Tapio EEROLA (Finland). French confirmations and classes not competing for the CACS : Pascal HINQUE (FRANCE).

With award of CACS and IHF certificats for the best male and the best female belonging to a member of an IHF club.

- After the judgments of the individual classes and before the award ceremony :
Presentation of studdogs

Please note that following the French Kennelclub regulations, a dog who is already Champion of France can only be presented in Champion Class (or in veteran class if he has the right age).

Please note also that dogs in Champion Class do not compete for the CACS.

We have created two « groups » outside the normal competition for multi-champions and for very old dogs. These groups do not compete for CACS or BOB nor do they get an official rating. They are entitled to the judge's comment and ranking.

Important information for dogs coming from countries outside of France

- Before being able to participate in a French contest either show or trial, the dog must appear in the Société Centrale Canine (Central Canine Society, the French Kennelclub). One must fill out and send to the SCC the attached form « Formulaire enregistrement étranger » along with the dog's pedigree over a minimum of three generations.
Please note that this service is free and is required only once in the life time of the dog.
- **Foreign competitors additionally must have a « licence étranger », a foreign licence, before being able to participate in a trial or working dog competition.** The officiating judge cannot accept or judge a « foreign » competitor if a valid license and it's accompanying tickets have not been presented. This license is a laminated card similar to a credit card and is renewable every year. With the card are two sheets of pre-filled tickets. The tickets are white and permit an easier overall more efficient processing and identification of the competitor dog. The annual fee for this licence with tickets is currently ten euros (10 €) per dog.

Being in possession of the licence and tickets is **MANDATORY**, without exception, the day of the trial if one wishes to participate. This means that one must make those necessary steps **WELL IN ADVANCE** of a competition to receive the license with the booklets at his/her foreign domicile.

How does a foreign owner obtain a license ?

The would be competitor must send the attached form completely filled out with the box « Etranger » checked. Should he wish to be tested or participate in a trial including „defense work“ he/she must equally check the box « Mordant ». Along with the « Formulaire Propriétaire CUNCBG2018 » completely filled out one must send a copy of the dog's identification card as well as copy of the dog's pedigree. A payment of 10 € by bank transfer must be made to the SCC with a clear indication that the payment is for a license. Finally include a copy of this payment in the mailing of the « Formulaire Propriétaire CUNCBG2018 » form and other documents.

Mail the above mentioned information package to :
Société Centrale Canine, Service Licences
155 avenue Jean-Jaurès
93535 AUBERVILLIERS CEDEX – France

Attention : the request for a foreign licence will be accorded under the explicite condition that the person making the request MUST live in a country other than France. Additionally that same person must be the handler of the dog in competition; a handler other than the one named on the license will result in a disqualification. The service for licenses at the SCC will mail the license and tickets to the foreign adress that appears on the form.

You may anticipate a delay of approximately 20 days from receipt of your application and payment by the SCC to receive your license. Please take into consideration that the month of August is a vacation period in France. Consequently it is STRONGLY recommended that you request your license before July 15th.
